COMPANY OVERVIEW

CMC Project Solutions is a certified woman-owned, DBE firm specializing in project controls, scheduling, cost management, risk analysis, and digital PMIS implementation. We support public and private sector clients with critical infrastructure delivery, offering technical depth, industry experience, and Oracle-certified expertise in Primavera P6 and Unifier.

Founded in 2020 to improve representation in project controls, CMC is built on transparency, integrity, and excellence. Our team of certified professionals brings decades of combined experience across energy, utilities, transportation, water/wastewater, and commercial markets.

PERFORMANCE SUCCESS

DTE Energy: Integrated ESRI, Unifier, and P6 with Power BI for project status mapping

PG&E: Managed \$2.4B vegetation portfolio; led Primavera deployment

City of Ontario, CA: Delay/CPM scheduling for Hamner Bridge Project

Disneyland: Renovation scheduling for Pirates of the Caribbean attraction

Crimson Solar & BESS: Utility-scale renewable energy scheduling support
